SOUTH COAST EQUESTRIAN CLUB INC NEWSLETTER

February 2014

From the President February 2014

Welcome to the 2014 year of SCEC dressage competition. We had an extremely successful year in 2013 and look forward to a fantastic year, with many fresh faces on the committee. The rain gods stayed away for the last two competitions. The Championships was a fantastic day with many members sharing in the prize spoils thanks to our wonderful sponsors. Many thanks to Horseland for being such a generous sponsor not just this year but for many years now. Our gratitude also goes out to all our other sponsors Unifab Signs, International Animal Health Products, Tracy Stead, Foxwood Warmbloods, Naughty Dog School, Tibby Barbour, Carl Winkler, Ros Quist and Heaton Law. Without the support of such wonderful sponsors days like the championships would not be possible.

The last SCEC competition of the year was the Pink Ribbon Day combined competition with Berry Riding Club. It worked out to be a fantastic day of cooperation. It was great to observe and share different ways of running competitions and an opportunity to

support a great cause.

The year ended with a bang in the form of our HOTY presentation and dinner. Congratulations to all the prize recipients, it is nice to be able to acknowledge the hard work our members put into their dressage endeavours. The night also gave us a chance to hold our AGM and to formally farewell our departing committee members. They all deserve a huge thank you. They had dedicated years of effort, blood, sweat and tears to our club and on behalf of our entire membership I thank them for their tireless efforts and wish them all the best as they enjoy their extra time to focus on their horsey dreams. Frances was an incredibly dedicated and super organised President whom has left some very big shoes for us to fill. Katherine has worked tirelessly in so many capacities throughout her long involvement with the club that we can only dream of replacing her. Tibby's enthusiasm, cheerfulness and willingness to take any task on is already very missed, as are Amanda's numerous contributions. The efforts of our past and remaining committee members have led us to inherit a well organised, friendly and very successful club.

I would like to extend a very warm welcome to our brave new committee

members Terry, Sandra, Craig, Monica and Vicki. Thank you for stepping up and getting involved and we all look forward to having a ball working together.

The new SCEC committee are absolutely dedicated to carrying on the traditions and services the club offers for the benefit of all our members and this great sport of dressage we have all chosen to participate in. As the new committee find their feet and settle into their respective roles we ask that everyone please be patient with us should we have a few stumbles along the way. We promise to pick ourselves up and keep going.

Our first competition of the year is on Sunday the 2nd of March. We have finally managed to succeed at putting the competition up on global. For the new committee this was our first stumble but also a first triumph. In order to allow us enough time to do a draw we were not able to extend the closing day, which is at 9pm on Friday the 14th of February. Our 2014 membership form is available on our website and with this newsletter. Becoming a member will enable competitors to pay the member discount competition entry price. Please note that we will be running the new dressage tests.

We normally run a training day prior to our first competition of the year. Given that the committee are still on our training wheels we thought that organising two events at the same time might be a little overwhelming, so we decided to run the training day a little later in the year. When we have finalised the organisation of the event we will publish the details.

Finally in my new role as President I would like to wish everyone a very safe, fulfilling and successful competition year.

Product Spotlight

Itch Magick

The 2014 SCEC committee have decided to promote equine products we have found to be effective and would like to share this information with our members for the benefit of their horses. The first one is a new itch relief product. We know of many people using this product with great success. Not only does it reduce itching, but the rubbed out hair is rapidly growing back.

Aromatherapy for Horses, Hounds & Humans

Thank you for your interest in *Itch Magick's Horse Treatment*

Thank you for your interest in this brand new product developed by us, an Aromatherapist & her husband, a Horse Man. Let me tell you our story...

When we realised our horse (Willow) was suffering from Queensland Itch we put our heads together and developed a product designed to saturate the affected areas with a carefully constructed blend of active ingredients including powerful essential oils, iodine and insecticide all combined in a rich natural base that forms a neutralising barrier. When applied it is immediately soothing and we are hopeful this will noticeably settle your horse, which is the important first step to recovery.

The primary cause of the Itch is an allergic reaction to the bites and excrement of midges, It is a chain reaction that can be seasonal, environmental & habitual. Understanding the affliction helped us decide the ingredients, delivery substance and consistency. The results we had with Willow simply amazed us and encouraged us to start testing our new creation on other suffering equines.

And so *Itch Magick* was born...

Itch Magick is designed to penetrate right through the base hair layers and dead skin to be absorbed and spread throughout, this consistency may not suit those who are showing their horses or presenting for sales etc, although it can easily be washed off with shampoo, (We also have a lotion that may suit you better.) The intention is to allow the skin to reset and restart its natural cycle, it is all part of the re-balancing process.

Itch Magick is still a very new product, we are uncertain if high ambient temperatures or prolonged poor weather may adversely affect the results, this is why we need your help and feedback. Our instinct is that if the horse has chronic itch, it will probably become aggravated by either of these factors anyway, so just watch and be aware of changes in the horse or its surroundings. And patch test first, to be confident in the products compatibility with your horse.

The application of *Itch Magick* is an integral part of the healing process. The effort you put into it will be returned to you in so many ways. Not least of all it will strengthen the bond & connection you share with such a beautiful creature.

We look forward to sharing this journey with you.
